This Week's Focus

Sight Words: like, see, we
Phonics: /c/, /o/
Handwriting: R, N, M

Reading- During Throughout reading this week we will practice using our schema! We'll think about what we already know before and while reading a book to help us make connections and understand more clearly.

Writing- In Writer's Workshop we working on sharing our writing with partners and with the whole class. Students are making noticing statements about one another's work. They are working on their drawings and telling a story through them.

Math- We are reviewing numbers 0-10 this week! We'll be writing and identifying these numbers. They will also count out that many objects and review putting these numbers in order.

Science- We will begin on our 5 senses! We'll go out on a nature walk around the school and share with the class how we used our five senses. Then we'll really focus on how our sense of hearing and touching can help us learn about objects.
